#### **2012 Yukon River Fall Salmon Fishery News Release # 34**

#### **Fall Announcement # 29, Subdistrict 4-A Commercial Period 4**

Districts Affected: Upper Yukon Area

In Subdistrict 4-A, commercial fishing will be open for one 6-day fishing period from 6:00 p.m. Monday, August 27, until 6:00 p.m. Sunday, September 2. Gillnets will be restricted to six-inch or smaller mesh.

The preliminary cumulative commercial harvest for Subdistrict 4-A through August 24 is 271 fall chum salmon.

For the entire Subdistrict 4-A, no Chinook salmon can be sold during this commercial opening. Fishermen can release live Chinook salmon or use them for subsistence purposes. **Chinook salmon caught but not sold must be reported on fish tickets.** All salmon harvested during commercial fishing operations must be recorded on a fish ticket at the time of sale. Salmon harvested and not sold should be recorded on the fish ticket as "not sold". **Commercial fishermen should confirm their market prior to commercial fishing.**

In Subdistrict 4-A, subsistence salmon fishing is currently open 7 days per week. Use of drift gillnets to harvest fall chum salmon is allowed in that portion of Subdistrict 4-A from Stink Creek upstream to Cone Point during open subsistence fishing periods.

Recorded fishery announcements and updates will be available 24 hours a day at 1-866-479-7387. If you have any questions regarding this report, please call the Emmonak ADF&G office at 949-1320 or the Fairbanks ADF&G office at 459-7274.

This has been an announcement by the Alaska Department of Fish and Game in consultation with the U.S. Fish and Wildlife Service.
